Made to your specifications

Delivery
Available

01 / PRECISION FOLDING

Custom profiles. Exact dimensions.

Purpose-made metal profiles, flashings and trims — formed to the requirements of your project.

Custom folded metal profiles NCBUILDINGS / FABRICATION

CIDAN FOLDING MACHINES

Custom flashing and trim fabrication

Our CIDAN folding machines produce long, accurately bent profiles for metal roofing, cladding and custom detailing.

Maximum profile length	**13 ft**
Bending capacity	**Up to 16 ga**
Production	**Custom to project specifications**

- Custom flashings, trims and metal profiles
- Consistent bends across long sections
- Custom metal fabrication available upon request

02 / STANDING SEAM ROLLFORMING

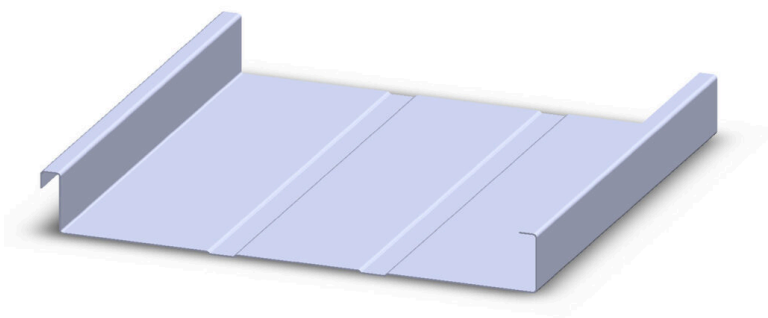

Standing seam roofing system. Complete solution.

Mechanical-lock and structural trapezoidal panels, with matching components and the flexibility of on-site production.

ROLLFORMER CORP / VS150

Mechanical-lock standing seam

Adjustable-width standing seam panels

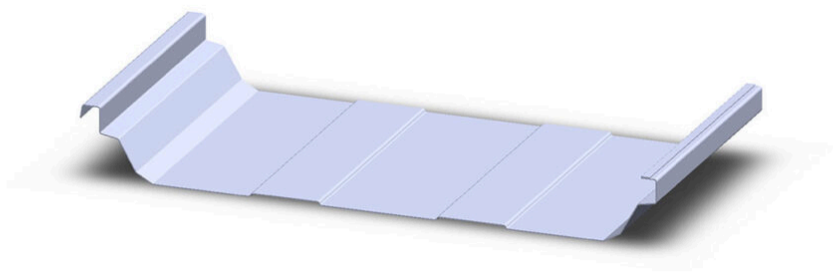

Panel width	9"–24"
Steel	22–26 ga
Aluminum	.032"
Copper	12–20 oz

- On-site panel fabrication available
- All components, closures and hardware
- Panels formed to your project requirements
- Stiffener ribs — optional

ZIMMERMAN / TSS3000A

Trapezoidal standing seam

3-inch structural standing seam profile

Panel coverage	16"–24"
Steel	20–26 ga

- Hot-melt butyl system attachment
- Compatible with D.I. Seamers
- Closures, clips, dome cap screws and hardware
- Stiffener ribs — standard
- Striation style — optional

Longer panels. Fewer joints.

Our rollforming equipment can be brought directly to your site to produce continuous, longer panels and eliminate intermediate end joints where project conditions allow.

03 / SPECIALTY ROLLFORMING

5/8 corrugated with Side locks

Rollformed 5/8″ corrugated profile with side locks. 20″ wide and cut to length. Perfect for showrooms and customer-accessible areas. Side locks protect from cuts, leaving no sharp edge exposed. Excellent for protecting drywall and ceilings.

Stocked in 30 ga Galvalume and 26 ga bright white.
